A Scaly, Itching Skin Disease With Endless Suffering Cured by Cuticura Remedies.

If I had known of the Cuticura Rexerbits twenty-eight years ago it would have saved me \$200 (two hundred dollars) and an immense amount of suffering. My disease (psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly all over my body and got under my nails. The scales would drop off of me all the time, and my suffering was endless, and without relief. One thousand dollars would not tempt me to have this disease over again. I am a poor man, but feel rich to be relieved of what some of the doctors said was leprosy, some ringworm, psoriasis, etc. I took and Sarsaparilla over one year and a half, but no cure. I went to two or three doctors, and no cure. I cannot praise the Cuticura Remedies too much. They have made my skin as clear and free from scales as a baby's. All I used of them was three boxes of Cuticura, and three bottles of Cuticura Resolvent, and two eakes of Cuticura Resolvent, and two eakes of Cuticura Roop. If you had been here and said you would have cured me for \$200 you would have had the mon?. I looked like the picture in your book of Psoriasis (picture number two, "How to Cure Skin Diseases") but now I am as clear as any person ever was. Through force of habit I rub my hands over my arms and legs to scratch once in awhile, but to no purpose. I am all well. I scratched twenty-eight years, and it got to be a kind of second nature to me. I thank you a thousand times. Anything more that you want to know write me, or anyone who reads this may write to me and I will answer it.

CATARRHAL DANGERS.

To be freed from the dangers of suffoca-tion while lying down; to breathe freely, sleep soundly and undisturbed; to rise re-freshed, head clear, brain active and free from pain or ache; to know that no poison-ous, putrid matter defiles the breath and rots away the delicate, machiness of great ous, putrid matter defiles the breath and rots away the delicate machinery of smell, taste and hearing; to feel that the system does not, through its veins and arieries, suck up the poison that is sure to undermine and destroy, is indeed a blessing beyond all other human enjoyments. To purchase immunity from such a fate should be the object of all afflicted. But those who have tried many remedies and physicians despair of relief or cure.

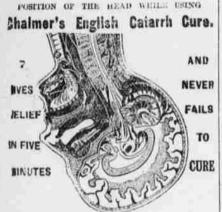

Sanford's Rabical Cure meets every phase of Catarrh, from a simple head cold to the most loathsome and destructive stages. It is local and constitutional. Instant in relieving, permanent in curing, safe, economical and never-failing.

SCRATCHED 28 YEARS. Financial and Commercial.

OFFICE OF DAILY AND WEEKLY STATESMAN,)

Information from the country for the last few days and since the rain, is to the effect that cotton is all right and the general impression is that the crop, while not a heavy one, will be fair and largely in exress of last year. So far, only a few bales have been received, but the traffic will probably be in full blast by the time the next issue of THE WEEKLY STATESMAN reaches our country readers. It may here be stated for their benefit that the Alliance cotton yards are located in Austin and everything is so arranged that not only will the top of the market be paid to the farmer who brings his cotton here, but he will find accommodations and facilities he will not get anywhere else in this section of

Since our last week's report eggs have dvanced to 11 cents from the wagon and 15 cents from the store.

Bagging is in plentiful supply at II cents by the quantity, though a higher figure is charged for small lots. Plenty of Delta ties are also on hand at \$1.65 @ \$1.70 per

STOCKS AND BONDS.

New York, August 13.—The stock mar-ket to-day was reactionary in its tendency ket to-day was reactionary in its tendency though this was met by a continued demand for speculatives which resulted in a feverish and irregular market with wide and sudden fluctations in a few specialties while the general list was traded in, over a narrow range of values. London figures this morning were again very much higher than ours of last evening and traders were bent upon reactions, the opening was irregular, though generally speaking the improvement in some of the list extended to one-half per cent. The market closed fairly steady at something better than, the lowest prices.

Death of Dr. Cabell.

University of Virginia, August 13.-Dr. James M. Cabell, senior member of the faculty of the University of Virginia, died at Overton this morning.

The fairest buds are often the first to wither, and the ravages of disease make havoc with the beauty, as well as the strength and happiness of the fair sex. The prevalent disorders among American women are those of a most distressing description. These "weaknesses," as they description. These "weaknesses," as they are suggestively termed, insidiously sap the health, and the patient becomes pale and emaciated, the appetite grows fickle and feeble; she loses strength as the attacks increase in severity, and is in despair. Their is relief for all such sufferers in Dr. Pierce's world-famed Fayorite Prescription, which cures all "female complaints." Its use is followed by cessation of the "dragging-down" pains, return of appetite, and in due course, vigorous health.

Don't hawk and spit and blow as you go, but get a bottle of Dr. Thurmond's Lone Star Catarrh Cure, as it will cure you, you know. Alexander & Cornwell, 219 East
